PRESS RELEASE

Hellenic Register of Shipping contributes to the upgrade of Greek yachting

Hellenic Register of Shipping successfully completed its participation in the exhibition 3RD MEDITERRANEAN MED YACHT SHOW 2016 held in Nafplio and ended yesterday. Executives and experienced HRS surveyors had B2B meetings with executives of yacht companies and representatives of the Greek and international charter companies in the field of marine tourism that participated in the exhibition. The experienced staff of Hellenic Register of Shipping presented the integrated and innovative services offered by the company in conjunction with the direct service aiming to meet the high demands of big corporations in the yacht industry.

HRS surveyors with their experience and know-how, had the opportunity to present to professionals in the marine tourism industry, direct solutions for the effective yacht and companies support in order to assist yacht professionals in enhancing the quality of services and expand our cooperation based on mutual trust and understanding. Following our presence and support to Greek yachting, Hellenic Register of Shipping, from May 13 to 18, 2016 will participate in the 15th East Med Yacht Show. An important international event in the yacht industry organized by the Hellenic Professional Yacht Owners Association (EPEST) and Hellenic Yacht Brokers Association (HYBA) and is held for the first time in Piraeus, Marina Zea. Hellenic Register of Shipping once again assists the work of professionals in the field of Greek marine tourism contributing for more than 30 years in the yacht industry, providing expertise and quality services in the certification procedures of tourist vessels in Greece.

The Hellenic Register of Shipping will have a stand in the exhibition which will operate between the hours of 10:00-13:30 & 15:30-19:00.
